ThinPATH Software Releases

Date: December 20, 2002
PMN: 112
Distribution: Worldwide
Author: Tim Kellogg

Introduction

Available now, NCD has released its latest ThinPATH Portal plug-in for ThinPATH Plus. This plug-in allows systems administrators to deploy ThinPATH Plus to the following types of desktops:

- TS532.NET & TS564.NET terminals
- Legacy ThinSTAR terminals
- ThinPATH PC

ThinPATH Plus Support for ThinSTAR 500.Net

Support for ThinPATH Plus on the TS532.NET and TS564.NET includes printing and audio output.

ThinPATH Plus Support for Legacy ThinSTAR and ThinPATH PC

The same functionality that is available with earlier releases of ThinPATH Plus for Legacy ThinSTAR terminals and PCs is available with this release.

Delivery

The above mentioned software may be downloaded from the NCD web site.
