## **Updated One Day Thininfrastructure Training Module**

Date: April 24, 2003  
PMN: #126  
Distribution: Worldwide  
Author: Deb Erwin

### Overview

The One-Day Thininfrastructure training module (new1day.ppt) has now been updated to reflect the ThinPATH Executive product and enhancements made in Portal 3.3. See PMN #122 for a description of the new features in Portal 3.3.

NOTE: The new1day.pdf will be available next week. The new1day.ppt is available on the SE web/ftp site:

<ftp://ftp.ncd.com>

### Access

Certified NCD trainers and NCD systems engineers may access this updated training module by logging into the ftp server with their login and password, then change to the training directory to get the updated new1day.ppt.

### Additional Documentation

Additional technical information concerning ThinPATH software may be found at:
